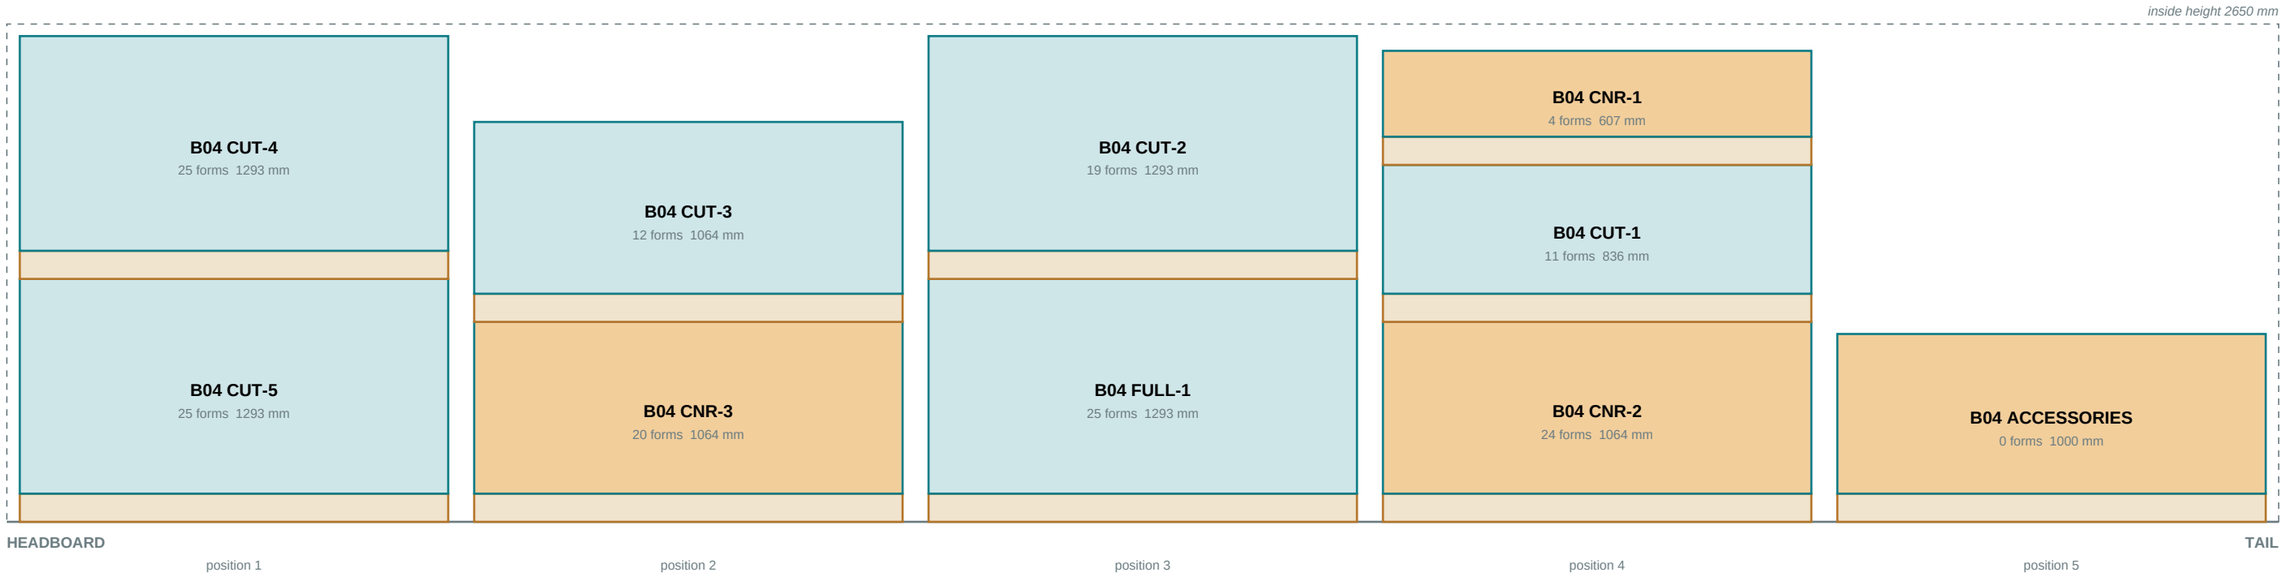
Delivery 1 - Load 1 of 1 - Artic 13.6 m

10 pallets in 5 of 5 floor positions | 165 forms | tallest column 2586 mm of 2650 mm inside height

Column heights do not fall to the tail: unload order was kept, which the crew needs, and it conflicts with loading tallest-forward on this load.



Unload order - 9 of 9 pallets come off out of build order, the price of stacking tallest forward
